EXPERIENCE

Data & AI Engineer

Laps · e-commerce

Feb. 2024 – Present · 2 yrs 9 mos Montreal, Canada

Designed and built the entire data infrastructure of Laps, an e-commerce network specialized in golf equipment, and contributed to its automated purchase and sales pricing system.

- Set up serverless Python data pipelines on AWS from the ERPs and marketing platforms
- Designed a data lake that centralizes all raw data and keeps its history
- Industrialized data transformations with dbt and Dagster, tested to keep the data reliable
- Modeled the data warehouse, the single source of truth for every team
- Developed a Python MCP server that lets AI agents query the warehouse securely

---

BIAL-R · consulting

Sep. 2020 – Dec. 2023 · 3 yrs 4 mos Lyon, France

Data Engineer

Bial-S · social housing

Jan. 2023 – Dec. 2023 · 1 yr

Contributed to industrializing a cloud BI platform delivered as SaaS on AWS, giving public housing offices a complete solution: ingestion, data lake, visualization and predictive analytics.

- Designed, deployed, and automated ETL data pipelines with Pentaho
- Provided cross-functional support for the platform and integrated new clients
- Led BIAL-R's service center at Clariane: team management and continuous improvement

ETL Consultant

Clariane · healthcare

Sep. 2021 – Dec. 2022 · 1 yr 4 mos

Operations lead for Clariane's inter-application data flows: finance, HR, healthcare and customer relations.

- Developed and maintained inter-application data flows with Pentaho
- Managed production incidents: analysis, troubleshooting, and data recovery
- Contributed to the migration of inter-application data flows from Pentaho to an ESB

Data Engineer Trainee

APRR · highways

Sep. 2020 – Aug. 2021 · 1 yr

MIAGE Master's work-study at Autoroutes Paris-Rhin-Rhône: finance, tolls and customer relations.

- Mapped and implemented data governance processes
- Developed and deployed operational reports
- Designed and maintained ETL data flows using Pentaho

IT Support Trainee

Park Hyatt Paris-Vendôme · hospitality

Apr. 2018 – Jul. 2018 Paris, France

Final-year DUT internship within the IT department of a luxury hotel in Paris.

- Maintained and supported IT infrastructure (workstations, networks, servers)
- Participated in the deployment of new IT projects
- Assisted in implementing and monitoring cybersecurity measures

SKILLS

- **Data Engineering**: ETL/ELT (dbt), Data Warehouse Modeling, Data Quality & Governance, Data Lake (Parquet, DuckDB), Orchestration (Dagster, Prefect), AI (LLM, MCP, Agents)
- **Languages**: Python, SQL (MySQL, PostgreSQL, SQL Server, Oracle)
- **Cloud**: AWS (Lambda, S3, Step Functions, Glue, Athena, RDS, CloudWatch, CloudFormation, CodePipeline)
- **BI & Data Visualization**: Grafana, Tableau, Power BI, SAP BO
- **DevOps & Methods**: Git (Bitbucket), CI/CD, Docker, Pulumi, Agile (Jira)

EDUCATION

Master's degree in Computer Science Applied to Business Management — MIAGE

UCBL — Université Claude Bernard Lyon 1

Sep. 2019 – Jun. 2021 Lyon, France

Specialization in Health Management Information Systems.

Bachelor's degree in Computer Science

UQAC — Université du Québec à Chicoutimi

Sep. 2018 – Jun. 2019 Chicoutimi, Canada

Dual degree (DUETI) in collaboration with the University of Versailles Saint-Quentin-en-Yvelines.

Associate's degree in Computer Science

UVSQ — Université de Versailles Saint-Quentin-en-Yvelines

Sep. 2016 – Jun. 2018 Vélizy-Villacoublay, France

PROJECTS

MCP Server — Governed AI access to the data warehouse

Professional

Laps · Apr. – Jun. 2026 · 3 mos

Built a Python MCP server (FastMCP) giving AI agents governed access to the Laps data warehouse: validated read-only queries (table whitelist, enforced limits and timeouts), automatic masking of personal data, and a full audit log.

AWS Lambda ETL — Serverless Pipeline Framework

Professional

Laps · Jun. – Sep. 2025 · 4 mos AWS-Lambda-ETL

Developed a serverless ETL framework on AWS Lambda, enabling the creation of modular, scalable, and cost-effective pipelines for automated data workflows.

LANGUAGES

French Native

English Fluent

INTERESTS

Table Tennis Played for over 10 years in a club.

Travel Visited 18 countries so far — with many more to come.

Outdoors Skiing, hiking, trekking, camping: anything that happens outside.
